

On This Side Of The Sun

By Phat

All right, I'm sorry. . . Last week I bragged about this perfect Palm Springs weather. . . This week it got a little on the torrid side. . . If I got blamed once, I got blamed a hundred times for the 110 degrees we had Tuesday. . . They must think I'm superman. . . Anyway, yesterday was nice. . . There I go again!

**THE VILLAGE**—While on the subject of apologies—I'm the world's worst proof-reader. Last week I wanted to pay Mrs. Bill Lippman a compliment by saying a Red Cross sign she painted was good. When the proof came back to me I entirely overlooked the fact that the linopaper had neglected to affix the final 'd' and all week people have been accusing me of talking baby talk, saying 'goo'. . . Wish they'd put that white line back in the middle of Palm Canyon drive. It's hard to drive without it.

**HOLIDAYS**—Yesterday was Flag Day, a special day. But the city hall and the bank were open as usual. . . That's one they missed. . . It was, incidentally, the Golden Jubilee of Flag Day. The Star Spangled Banner became the official flag of the nation on June 14, 1773. But it wasn't until 1893, 50 years ago, that June 14 was designated as Flag Day, officially. Tomorrow the Quartermaster Corps of the army will be 170 years old. It was activated on June 16, 1775. . . **Sunday is Father's Day.** Down here in Palm Springs where neckties are a rarity, what do women give their husbands on Dad's Day?

**MORE OF THE SAME**—And another special day is coming next week. Thursday, June 21, is the first day of summer. . . But let's not talk about that. . . Getting back to Flag Day. When a youngster in school, kids used to run around, grabbing shirts and pulling them out, yelling 'Flag Day'. . . In the Village it's a perpetual Flag Day. Since remarking that I felt diffident about going around with my shirt on the outside, more people have stopped me to tell me how much cooler you are that way. . . Reminds me of an old story about the Chinaman who said, politely, to a woman on a bus one wintry day: "Belly cold" and she came back with: "Tuck your shirt in, you heathen, and it won't be."

**ODDS AND ENDS**—The fame and name of Palm Springs goes far and wide. Some time ago Mrs. M. H. Deyo sent a Palm Springs car sticker to her son-in-law, Lt. L. C. Cook, who was with Patton's army in Europe. He stuck it on the windshield of his jeep and the Village got advertising in Germany. . . One of my favorite radio programs these days is Phil Baker's. I like the way he sees to it that servicemen get the \$64 question right. . . My statistical friend tells me that each day 130,000 cows have to give out to provide the milkings for enough ice cream to meet the demand of the boys in the army.

**FAN MAIL**—Last Monday dozens of women found time enough to gaze into the skies to look at what was supposed to be a Jap balloon. . . said H.H., "but only one woman found time enough to go to the Red Cross to roll bandages." . . . "The ice companies keep telling us how much better their product is than mechanical refrigeration. But they make it tough to carry their product by leaving off the twine. Did you ever see a man, slightly on the groggy side trying to carry a 25-pound cake of ice in the nude—the ice, not the man," queried another Villager.

**THIS AND THAT**—The news of Palm Springs goes everywhere. The girl on the circulation desk told me yesterday that people in all 48 states, Canada, Mexico and England, get The Sun each week. And with so many local boys in the service, news of the desert, via The Sun, goes to every fighting front. . . Every day I learn something new. This week was informed that coyotes are vegetarians. Walter Ilick tells me that they rob him of dozens of watermelons and cantaloupes nightly.

**MUSIC**—Vindicated again. Last Saturday night's top tune on the Hit Parade was "Sentimental Journey". Knew it would. After trying Ted Reed's and Harold Murphy's record emporiums unsuccessfully to buy it, tried every record shop between here and Los Angeles without luck. . . Watch "I Should Care" come up. . . At the Dunes, much speculation went on about a lieutenant who came in almost nightly and every time Bill Provost took a few minutes off from his piano, stuck nickels in the Juke Box to play "Laura". To settle it, I asked him. He beamed. "This is why," pointing to the girl with him. "This is Laura. My wife. Got here today, haven't seen her for months. That's why I like that tune. Blame me?" No.

**AROUND TOWN**—Felix of the team of Felix and Leo is closing tonight at the PAGO PAGO. He's going to Los Angeles for the summer. Leo is going to stay on the job, however. He doesn't mind the warmth. . . Bill Fadden says that since he helps people to see better he wants them to have something better to see, so he's dolling up the front of (Please Turn to Page 5)

Tram Measure Passes Senate; Before Gov. Warren

Increase in School Tax Wins, 64-12

Tramway Bill Given O. K. By Senate

Measure Again Approved by State Legislators

The Mt. San Jacinto Winter Park authority bill—known locally as the Tramway measure—was before Gov. Earl Warren for consideration today following its passage Monday night by the state senate. The measure had previously been given unanimous support by the assembly.

ASSET TO STATE

The new park authority, created by the bill, would be authorized to issue revenue bonds up to \$3,000,000 to construct the Tramway from a point in Chino canyon to the Hidden Lake area at 8,500 feet and other hitherto inaccessible mountain areas.

FOURTH TIME UP

The present bill is the fourth to be passed almost unanimously by state legislatures. Gov. C. L. Olson twice vetoed Tramway bills and the third one was given a pocket veto by Gov. Warren. All vetoes were based on technical reasons.

Drivers' Tests At Desert Inn Garage Thursday

Starting next Thursday, the weekly examinations for drivers' licenses will be given at the Desert Inn garage, Miss Ruth Jones, secretary of the Chamber of Commerce, said today. Final examinations at the Chamber of Commerce were held yesterday.

Auto Use Tax Stamps On Sale

You've got to have one by July 1. Federal automobile use tax stamps are now on sale at the Money Order and the Registry windows at the local post office, H. M. Gorman, postmaster, said this week. The stamps cost \$5 each.

Give Ration Board Time To Act, Plea

"Allow ample time for renewal of gasoline rations," William A. Lippman, chairman of the local war price and ration board, urged Villagers this week. "Don't expect to get gas coupons over the counter like stamps at the postoffice, or a coke at the fountain."

Due to current conditions, delay in obtaining ration renewals is more certain than ever before, the board chairman said. Raise in the ceiling on "B" books and the departure for the summer of many experienced volunteer workers has thrust a heavy burden on the board members who will stick it out all summer.

ASKS FOR TIME

"Nothing but life and death emergencies, urgent applications of the armed forces and the like, can get the green light for speedy handling," said Mr. Lippman. "Give us time." Villagers are asked to allow two weeks, if possible, before (Please Turn to Page 10)

Villagers Scan Skies For Balloon

Rumor Gives City Touch of Excitement But Hunt is Vain

Palm Springs was star-gazing Monday.

Most of the town was in the open gazing at an object glinting in the sun, over the mountains to the west. The rumor spread fast that it was a Japanese balloon and its movements were under close observation at the air base and by police.

Chief August G. Kettmann went to the base when it was reported that an object had fallen from the sky. Three expeditions into Tahquitz canyon with Warren Heath of the fire department, Floyd Wood of the city service department and soldiers from the air base taking part. Nothing was found, however.

The detachment of searchers from the air base was headed by Lt. William H. Boyson.

PLANE TAKES LOOK

A fast plane was dispatched from the base and took after the object. The pilot went up 44,000 feet but came back with no more information than the ground gazers had.

Although it was reported the object was floating slowly in an east by south direction, others maintained that people were just daylight star-gazers, looking at the planet Venus, now visible in the bright morning.

NONE IN COUNTY

Army authorities and federal agents reiterated their statement of last week—to date no Japanese balloons have been found in Riverside county.

The public is asked, however, to report any suspicious object that might be Jap balloons but to leave them strictly alone.

Midnight Ban Now Statewide

Action, taken voluntarily by owners of Palm Springs cocktail lounges, was made mandatory on lounges throughout the state last week end. The legislature adopted a measure setting 8 p. m. to midnight as hours during which beverages may be sold at lounges and 10 a. m. to 8 p. m. for liquor stores except Saturday nights when liquor stores may be open until midnight.

Local lounge owners, at a meeting two weeks ago, unanimously favored the midnight closing action despite action elsewhere in remaining open until 2 a. m.

Daily Patrol of Closed Homes Started in City

Any winter residents of the Village who are planning to close their homes for the summer or who have already left without notifying local police of the fact, were urged by Chief of Police August G. Kettmann to do so.

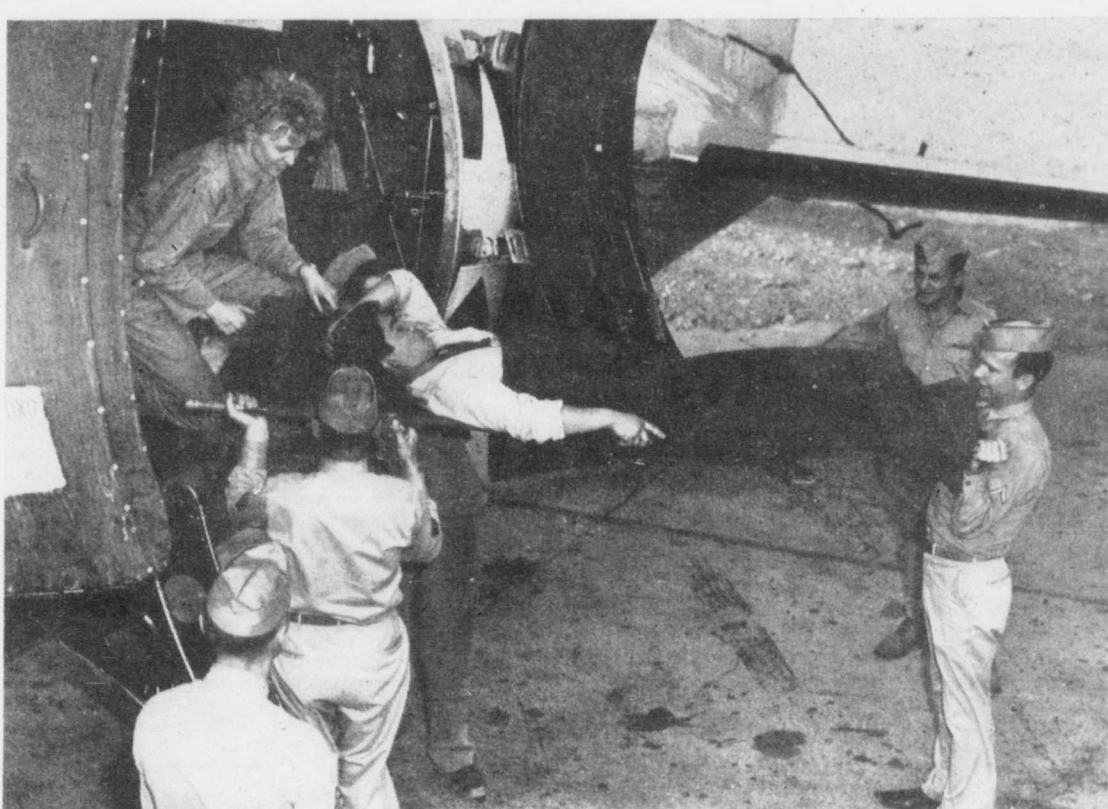

During the summer months a daily check of all closed homes will be made by a regular police detail and if any unusual or odd thing is noted, owners will be notified by telephone or mail, depending on the circumstances.

More than 50 winter residents have already filled out cards at the police station listing summer addresses, phone numbers, names of authorized persons in charge and other details.

Chief Kettmann urged others to do so to help him and his staff provide better police protection for their property during their absence.

Another Village Youth Is Freed

Staff Sgt. Alvin W. Roberts was included in a list of men liberated from Nazi prison camps, including three other county men. The list was released by the Office of War Information at Washington, Wednesday. He is the son of Mrs. Elizabeth Roberts, 633 Chino Canyon road.

HOSPITAL SHIP—Shown above is one of the Air-Evacuation ships which regularly discharge patients at the 5th Operational Training Unit base here for treatment at Torney General Hospital. Being lifted from the plane is T/Sgt. Yoshio Imoto, who received a thigh wound fighting in Italy. Assisting him are flight nurse, 1st Lt. Joanne Sterkenburg, T/4 Donald Parker and Pfc. Lloyd N. Yocom.

Village Still Far Behind in E Bond Sales

With only two weeks remaining, the Village had only reached the half-way mark in its E Bond quota of \$272,640, Chairman Tom Holland of the War Bond committee said today.

"Although we've topped our over-all quota by more than \$100,000, we cannot count on the drive as being a success unless we can exceed our E Bond quota. "There are too many names not on the Honor Roll of Bond buyers. Of course, I realize that, due to clerical work involved, names of some who have bought are missing and will be on later, but even at that, there should be more E Bond buyers."

MAY NOT MAKE IT

"Looks to me like Palm Springs isn't going to make it unless we speed up our E Bonds."

Total sales in the Seventh War Loan drive yesterday were \$631,431. The quota for the Village is \$511,180. The E Bond quota is \$272,640 and sales were only \$134,444. The situation prevailed throughout the county where E Bond sales showed only 52 per cent of the quota.

ONE OF TWO

Thanks to other Bond sales here, the county had reached 66 per cent of its total quota as of Monday this week.

With the exception of Beaumont, Palm Springs was the only community over its over-all quota. Beaumont was the only community where the E Bond quota was exceeded.

"You have two weeks left to buy E Bonds. Don't put it off. Don't let the Village break its record of never having failed in a Bond drive," urged Chairman Holland.

Village Youth, Prisoner Of Nazi 13 Hours, Tells Vivid Rhine Battle Tale

Telling a thrilling story of a battle across the Rhine river in which his patrol, one of the first to cross, was surrounded by Germans and finally forced to yield, Pfc. Gilbert Olvera of Palm Springs wrote to his sister here this week.

Pfc. Olvera and his comrades were held captive 13 hours when the main body of their outfit crossed the Rhine and forced the Nazis to retreat.

TO STAY THERE

The Village youth wrote from Dusseldorf, Germany, and also said that his division was one of those chosen to become part of the army of occupation and that, therefore, it would be some time before he came home.

Describing the crossing of the Rhine he said that volunteers were called for the dangerous patrol detail and that he was one

Local Air Base Plays Big Part in Speeding War Casualties Home

There is a feeling that these people are proficient and concise as the wheels of the giant C-47 Air Evacuation plane settle on the runway, and it soon begins to taxi into the line where it will discharge its human cargo of wounded to the waiting ambulances.

At the 5th Operational Training Unit, Ferrying Division, Air Transport Command base here regularly come planes carrying men who were wounded only a few days ago on the fighting fronts and have been flown home. Many of the patients go to the Torney Hospital for treatment.

EFFICIENCY SENSED

Somehow each occasion is like any other. There is a sense that these evacuation crews are efficient in their role of ward masters of the sky. By their very appearance, verbal expressions of attitude, and obvious alertness of mind, it is clearly indicated how meticulous must be the care and scrutiny used in the selection of soldiers for this type of work.

With their charges loaded aboard the C-47, they assume the multiple role of psychologist, medical aide, song leaders, librarians, starters of games which run the gamut from chess to, as one said rather shyly, shooting "craps" on the floor of the ship.

ONLY ONE GOAL

There is only one goal for which they strive on the part of their patients. This is cheerfulness and occupation of the wounded soldier's mind during the long hours spent in the air. They know, and have been taught, that this achievement on their part means a job well done. A good "mission," as they are wont to call these air evacuation trips, the epitome of accomplishment.

But they must feel inwardly warm and satisfied when, after their long and arduous journey from the front, a patient looks up, smiles and says simply, "I'm home".

Palm Springs Gets Prevue Of Summer

Palm Springs got a prevue of summer which starts next Thursday when the thermometers in town began to move up and the 100-degree mark was passed. Tuesday with a 110 mark, led the parade.

PROFANE AND POINTED

The reply was profane but to the point. "Come and get us, you—" There was more mortar fire and then the Nazis sent tanks into the battle. The one-sided affair ended soon after that and Pfc. Olvera and his surviving comrades were taken ten (Please Turn to Page 10)

Less Than 4 Per Cent Vote Cast

Ceiling on Desert District School Rate Now \$1.50

The school board's proposal to increase the ceiling on the tax levied for elementary school purposes in the Desert School district from 90 cents per \$100 valuation to \$1.50 per \$100, was approved at last Tuesday's election by a vote of 64 to 12.

Out of the 1860 voters registered in the Village, 76 went to the polls, or slightly less than four per cent.

The increased money to be raised for school purposes will be used to provide additional school room facilities and additional instructors. The Desert School district has been growing at an accelerating pace for the past three years and last year 632 were enrolled at the peak of the season in the district's four buildings.

Since the last additions were made to the system, the enrollment has practically doubled.

Village Youth's Poppy Poster Best in State

Jerry A. Huff, son of Capt. and Mrs. Allen Huff of Palm Springs, who won the local Poppy Poster contest, staged by the Owen B. Coffman post, American Legion Auxiliary and then went on to win the district and department top awards, was the proud possessor of a letter today from Edna B. Heatt, Department of California poppy chairman for the Auxiliary.

"Congratulations, Jerry, on having won first prize in the department judging for the first class," Mrs. Heatt wrote. "Your poster was beautiful and very well made. Many compliments were passed by the judges on the fine work."

"Your poster will be sent to the National organization for further judging and we hope you come out on top."

"The members of the Department of California thank you for taking part in the program." Jerry's father is now on duty overseas.

Flood Control Bill Approved

A bill creating a flood control district for Riverside county was before Gov. Earl Warren today. It passed the senate last night. It had previously been passed by the assembly.

Under provisions of the bill, the flood control district is authorized to issue bonds and to levy taxes to finance construction of works necessary to control flood waters.

## It seems to me

THIS is our last week  
FOR the present season.  
THANKS to you folks—  
FULTON'S has enjoyed  
A successful first year  
AND we have appreciated  
YOUR patronage no end.  
WE will open again  
ON or about Sept. 29.  
IN the meantime  
THE shop will be enlarged.  
NEW lines added—  
WE will rack our brain  
ALL summer long  
THINKING up new ways  
TO make your shopping  
AT Fulton's  
MORE enjoyable than ever.  
AGAIN let me say—  
I thank you—  
MY wife thanks you—  
AND our pup  
MINNIE MOUSE, thanks you.

NEW DEPUTY—Lt. Col. Richard B. Dixon, new deputy commanding officer of the 5th OTU, succeeding Maj. William E. Hinton. (Official AAF Photo.)

Lt. Col. Dixon New  
Deputy C.O. at  
Village Air Base

Lieutenant Colonel Richard B. Dixon is the new Deputy Commanding Officer at the 5th Operational Training Unit, Ferrying Division, Air Transport Command base here. He will fill the position vacated this week when Major William E. Hinton leaves for his new assignment at ATC Headquarters in Cincinnati.

Reporting here after a tour of duty in the Central-African Division of the Air Transport Command, the Colonel, an affable young man with a gentle humor, likes this base and is going to do his level best in his new administrative capacity.

## LEARNED AT 16

At the age of 16 he learned to fly, bought his own plane and later went to work for a commercial airline. In January 1939 he entered the Military Service on an inactive status and in November of that year, was called to active duty.

He was flying transports within the Continental limits from his home base in Sacramento when he was released from the Army to do some international flying for Pan American Airlines, only to return to the ATC.

## MEETS OLD FRIEND

At Antioch college, Yellow Springs, Ohio, the Colonel was taking a technical course which fitted him well for the long career of flying he was later to have.

Upon his arrival at the base, the Colonel rekindled many friendships made overseas, including Major James C. Kuhn, Captain Duane Blair, and Captain Sidney Roche.

Mrs. Noble Banks  
III in Pasadena

Mrs. Noble Banks, well known winter resident, is ill in Pasadena, friends here were advised this week.

She had planned to leave for Detroit to spend the summer months but her doctor advised against the trip at present.

Inspiration on Eve of Battle Wins  
Recognition for Composer, Now at  
5th OTU Army Air Base in Village

Captain Harry J. Voelker, now stationed at the 5th Operational Training Unit, Ferrying Division, Air Transport Command base here, as Assistant Personnel Service Officer, is a composer who received his first inspiration just before going into the thick of battle with the Artillery.

It was during those tense moments immediately preceding the outfit's advance through the Kasserine Pass in Tunisia, when little was being said by anyone but plenty was in the minds of the men. This was in February, 1943, and the captain had been overseas 14 months.

Looking up at the sky, he realized that although he was 8000 miles from home, soon his dear ones would be seeing the same stars he saw. This gave him a sense of proximity which prompted him to write the lyrics of a ballad, "Nearer to You," and later the tune itself.

On returning to this country, Captain Voelker tried unsuccessfully to have a hearing for his tune. It wasn't until a chance meeting recently in Los Angeles with Mrs. Lucy Lawrence, wife of a radio and film producer, that his tune had a fighting chance for popularity.

Then, in rapid succession, the tune was arranged, accepted and recorded by the Armed Services Dance Band in Hollywood, with lyrics by songstress Connie Haines. It clicked! And in a short time, production will begin on 375,000 recordings to be distributed to the Armed Forces overseas.

## Cathedral City

By W. R. HILLERY

The only Cathedralite who reported he saw a Jap balloon the past week was one good sober citizen who journeyed to Palm Springs and there spent two hours watching the balloon? until after remaining stationary for that period, gradually sunk behind San Jacinto mountains. A contemplation and study of astronomy apparently would be an excellent remedy for "seeing things". Makes me think of hunting the big mountain goats in Alaska. They graze high among the snow patches and if they detect a hunter they remain perfectly motionless for long periods so that a hunter often spots a small patch of snow and watches so intently that after a time he would swear the object moved.

The elementary schools will have the funds to expand and to maintain the standards that we believe they should have. You hear the comment frequently aimed at our American school system that what we are teaching and the way we teach is all wrong. It is hard for anyone to really know. War may not be the measuring stick but our boys have proven their adaptability and resourcefulness in combat that indicates they are absorbing something above their shoulders.

June 14th was Flag Day. These notes are being written in the cool early hours of that day so what display of German trophies are to be shown at Town Hall in the afternoon is hard to say now. We talked to Gordon Feekings and he promised to supply some articles received from Europe by him. These added to the banner and flags of the Nazis sent us by Col. Perry should prove interesting.

Scott Thompson of Palm Springs high school, with his family, was fortunate in being in Los Angeles to see the Patton-Doolittle parade. I think that everyone who lived here during the desert training, has a sort of proprietary interest in Patton and are proud that he justified Gen. Ike's decision to use the Patton talents when the Roman senators had turned thumbs down.

Robert Higgins departed last week for a bit of vacation that many a youngster would envy. He went to the Idaho army aviation base where his brother, J. Francis Filtz is instructing, to visit Francis. Francis is one more of the boys from here who are in the service.

Kurt Reinemen, our gifted artist, with his recently graduated and talented daughter, Miss Marjory, were down for a few days from Idyllwild where they are to summer. By the end of June there will be many more of the regulars departing. More than for several years I believe. A few newcomers are moving in so that next fall has all the earmarks of a crowded housing condition.

Did you know that you could buy anything in Palm Springs other than the merchandise that Postmaster Pop Gorham has, for 2 cents? After battling for ten days with a balky automatic regulator in the water system that is supposed to keep a more or less constant level in the village reservoir, I purchased a tiny copper cylinder that goes in a very small brass fitting. It cost 2c and I believe it is the key to my troubles. While making frequent trips to the reservoir to check the depth of water in it, I observed several things. One is that if Dan Plum will do some work about that lot it will also look better. The other is the number of rabbits that scamper out of the yards along the east

Art Wills Will  
Build Cleaning  
Plant in Village

Art Wills of the Plaza Cleaners announced this week that he will install a cleaning plant on South Palm Canyon drive where all cleaning will be done locally, assuring better and faster service.

The establishment in the Plaza at No. 34 will be maintained, serving as an incoming and outgoing office.

Mr. Wills also said that the Plaza Cleaners will close for the summer on July 14.

Summer Hours  
At Post Office

Summer schedule prevails at the Palm Springs post office having gone into effect June 1. From now until Sept. 30, the windows will close at noon on Saturdays. Mail will be distributed to boxes during the afternoon and on Sunday afternoons.

The same schedule of arrival and departure of mails prevails as heretofore, Postmaster R. M. Gorham said.

Son of Editor in  
Village on Visit

John S. Graettinger, son of R. F. Graettinger, editor of the Desert Sun and Mrs. Graettinger was in Palm Springs briefly Tuesday.

In the U. S. Navy, he completed his studies at Harvard Medical school Saturday, leaving Boston Sunday. He will return to Boston June 23 when he will receive his commission.

Lack of Funds to  
Delay Highways by  
Two Years, Belief

Failure of the state legislature to act on proposals to increase the gasoline tax will delay construction of much-needed roads for two years, E. Q. Sullivan, district highway engineer, said at a meeting in Riverside this week. Bills, which would have authorized the increase and provided funds for construction of freeways, were not reported out by committees in the senate.

This means, said Sullivan, that construction will be held up two years and funds are only sufficient for construction of roads for which funds are allotted, and maintenance.

One of the roads affected by the lack of action, is highway 111 from Palm Springs to the junction with 99. Reconstruction of this road with elimination of some curves and a wider roadway, has long been planned.

Kenneth Linthicum  
In Merchant Marine

Kenneth Linthicum, son of Mr. and Mrs. James Linthicum, has enlisted in the Merchant Marine. His father was formerly on the local police force but is now on the highway patrol and lives in Indio.

Another son of the Linthicums, James, Jr., U. S. Navy, was killed last year.

## Get Acquainted With Your Village Businessman

This week The Desert Sun presents a man whose civic activities loom large in the Village—Francis F. Crocker.

Mr. Crocker was born in Denver, Colo. When? Deponent sayeth not. He went to elementary and high school there and then went to the University of Colorado for his engineering degree.

First came to California in 1922 when he worked on the hydro-electric plant at Levington creek, Mono county. Came back again the next summer to the Adams main plant in the Owens river gorge and the following summer to a plant on Bishop creek.

Then came to California permanently in 1926, joining the California Electric Power company at Riverside in the engineering and commercial departments. He spent a year and a half later with the Imperial Ice and Development company in Imperial. He went back to Riverside in 1928 in the right-of-way department for the power concern and mapped the lines to Seal Beach and to the Palo Verde valley. He also worked on the line to Boulder Canyon and was in the survey party which staked out that line.

In 1931 he married Rosalie Wilson in Riverside and in 1932 came to Palm Springs for the power company. They have two boys, David, 8, and Jeremy, 10.

Besides being head of the Palm Springs district for the California Electric Power company, he plays an active part in civic affairs.

He is director in the Chamber of Commerce, treasurer of the Home Owners' League, treasurer of St. Paul's in the Desert, Episcopal church, treasurer of the Community chest, president of the Wellwood Murray Library board, clerk of the Desert District school board, was on the high school board, too, but refused to run for re-election this spring, he's a Mason, a Lion, member of the American Institute of Electrical Engineers.

When, and if, the tramway up the slopes of Mt. San Jacinto is built, he'll be the happiest man in Palm Springs. Because he is known as the "Father of the Tramway," first getting the idea for that "desert to snow area" project and has been an ardent worker for it ever since.

And that, Villagers, is Francis Crocker.

Mr. and Mrs. Frank W. Camp of 776 Mission road, will leave tomorrow to spend the summer months in Hollywood.

Mrs. R. D. Carman, winter resident, left this week for Redlands where she will spend the summer months.

Don't weave in traffic, advise the California Highway Patrol. Nobody is going to drop a bomb on you!

Accidents will decrease when more drivers look out for the road ahead and fewer for the cop behind.

## FOR SALE

3-bedroom, 2-bath, furnished home, with large living room with fireplace, roomy kitchen and breakfast nook and separate guest house with bath and 2-car garage. All on a good sized lot on a paved street. You'll have to act quickly.—\$20,000.00.

## Red Cross Board Hears of Active Month in Village

Reports of activities of the Palm Springs branch of the American Red Cross were made at the monthly meeting of the board of directors at headquarters, 107 North Palm Canyon drive, Wednesday morning. Chairman Harold West presided.

Mrs. Philip L. Boyd, chairman of Gray Ladies, said 27 members were active during May and that they gave 532½ hours of service.

### AIDES ACTIVE

Mrs. Madge Holderman, public health nurse, reporting for Mrs. Melba Bennett, that 48 nurses' aides gave 2446½ hours of service last month. Fifteen are now taking the new Nurse's Aide course.

In the production department, Mrs. Thomas Holland reported, 23 volunteers gave 211 hours of their time and turned out 8725 surgical dressings. The sewing group had seven workers who put in 24½ hours.

Twelve workers put in 134 as staff assistants, Mrs. William Le Fevre reported.

### MRS. WALKER RESIGNS

Resignation of Mrs. Margaret E. Walker as captain of the motor corps was accepted with regret by the board. Miss Rose Dougan was appointed in her stead.

Lyle J. Sanard was named new chairman of the Disaster Preparedness committee. He will name new managers at a meeting to be held soon for the canteen and first aid emergency stations.

It was also announced that the Red Cross Motor corps would convey blood bank donors to Riverside June 25 when the Red Cross Mobile blood bank will be in that city.

## Lt. Pennington Family Grets Arrival of Son

A son was born June 11 to Lt. and Mrs. Robert F. Pennington at Torney General Hospital. The newborn was named Robert Scott Pennington.

Lt. Pennington is stationed at the Reno, Nev., air base. It was just a year ago—on June 13, 1944—that the Penningtons were married at the Episcopal church here. He was stationed at the army air base as instructor at the time.

Their home is at 557 Calle Ajo. Lt. Pennington flew in Wednesday morning to see his new son.

Mrs. Pennington's parents, Mr. and Mrs. Ray Dale of Denver have been visiting their daughter here for the past month.

## Short in Wiring Cause of Blaze

Short in the wiring of an automobile belonging to Lucy L. Shealy of the reservation started a fire which burned out the wiring under the hood, probably damaged the car radi, and did damage estimated at \$150. The blaze was noted at 3:30 p. m. Wednesday in the 100 block on North Palm Canyon drive.

The fire department soon had the blaze out after arrival.

## San Francisco Conference Is Gabbers' Topic

"The San Francisco Conference in Retrospect," was the topic of Sgt. Vito Genario at this week's session of the Global Gab at the Chamber of Commerce. Sgt. Ross Parmentier presided.

It was planned by the group to stage a picnic on June 26 at the Rancho Trailer park and committees were named to look after details.

At next Tuesday night's meeting the topic will be "Conscientious Objectors" with Sgt. Parmentier giving the paper. Mrs. Eva Menard will be chairman of the evening.

## DESERT HOT SPRINGS

Miss Jean Uruquhart of the Riverside County Free library was in Desert Hot Springs Friday to establish a library deposit station there. Approximately 200 books were placed on the shelves. The library will operate in the "Little Gallery of the Desert," and will be open to patrons Mondays, Thursdays and Saturdays from 1:30 to 4 p. m.

The Improvement association is sponsoring the library and has appointed Miss Doris Rowlands as librarian. Residents of the Village have shown their interest by donating books and magazines to be placed in the permanent book collection. Contributions of money for purchase of supplies have also been received.

Mr. and Mrs. Gordon H. Clarke have gone to Berkeley, Calif., to spend the summer three months.

Pay your telephone bill before the 30th and receive a discount.

For Essential Transportation—Yellow Cabs. Phone 4444.

## First Wednesday in Each Month to be "Town Meeting Day" During Summer, Decision of Coordinating Council

The first Wednesday of each month will be known as "Town Meeting Day" for the rest of the summer months, it was decided at a meeting of Mayor E. E. Theriau's Coordinating Council, Monday. Various clubs and organizations have been invited to join in the plan which will eliminate numerous meetings during the summer months.

The meeting will be a luncheon affair. The matter was brought before the group by Florian Boyd.

### TELLS OF YOUTH CENTER

Mrs. Harold Hicks reported on the growing momentum of the Youth Center movement and gave further details on the generous gift made the association by Mr. and Mrs. E. W. A. Peake. The Peakes have offered to build the building if the association would furnish the site and the youths themselves the furnishings. In this way, she explained, it will be a thorough community project which is what Mr. and Mrs. Peake desire.

Lt. Col. Richard B. Dixon, new deputy commander at the 5th Operational Training Unit, army air base, new member of the coordinating council representing that post, was introduced.

### FOR NEXT SEASON

President Robert E. Ransom of the Chamber of Commerce reported that that body was mapping out a program for next season following suggestions of improvement received from members. He said these suggestions had been tabulated and in some instances overlapped the city's program but that it was the desire of the Chamber of Commerce to cooperate with the city in carrying out needed improvements.

Edwin Stephens, commander of the Palm Springs squadron of the Civil Air Patrol reported on

activities of that group.

Charles Burket, president of the high school board, reported on progress being made relative to building additional classrooms at the high school and that a master plan for the high school would be presented Villagers soon.

### TELLS OF CITY PLANS

Mayor Theriau gave a report of current city activities listing: Creation of a municipal health department to have jurisdiction over all restaurants and buildings with power to condemn unsatisfactory living accommodations or unsanitary eating places. First third of Field Club would be paid for by end of year.

Study of a pension plan for city employees who do not come under provisions of the social security act or Unemployment insurance.

Municipal pool, which will open soon. The mayor also said that revenue from the waste disposal department was up sharply, indicating the increase in population in the Village.

Miss Barbara (Bobbie) Parker, daughter of Mrs. Ethelyn Parker, and well known local newspaper woman, left this week for San Francisco where she will spend the summer.

### Betty Campbell to Summer at Beach

Betty Campbell today resigned her position at the Chamber of Commerce and prepared to leave next week to spend the summer months at Santa Monica with her parents.

She has been in the Village for the past season and plans to return in the fall.

A farewell party has been arranged for tomorrow night by her friends.

### Fire Sweeps Bike Shop, \$200 Damage

Fire, believed starting in defective light wiring, swept the interior of Cliff McCullagh's bicycle repair shop at 256 South Palm Canyon drive at 5:37 p. m., Sunday.

The contents of the place were ruined and damage was estimated at around \$200.

"Grandma, what kind of husband would you advise me to get?"

"My advice is to leave the husbands alone and get yourself a single man."

IN HONOR OF OUR WAR DEAD

AND THE 19,000

SOUTHERN PACIFIC

MEN AND WOMEN WHO

ENTERED THE ARMED SERVICES

WE HAVE SET ASIDE

JUNE 14, 1945

AS SOUTHERN PACIFIC

WAR SERVICE DAY

On this day Southern Pacific men and  
women all over the system gather to reaffirm

THESE SOLEMN PLEDGES:

1. Perform our jobs with utmost efficiency and safety
2. Support the Seventh War Loan
3. Back up the Red Cross, Blood Banks and other war agencies
4. Give friendly service to all patrons, with good teamwork among ourselves

Guard: "Ten prisoners have broken out, sir."  
Warden: "Have you given the alarm?"  
Guard: "I sent for the doctor, I think it's the measles."

Listen to this: "And how is your good wife, Sultan?"  
"Oh, she's all right, but the other forty-nine are more fun."

#### Advertisement

Well, we think we are entitled to just one mention of the weather. Fact is, that's all we hear these days. It is not us over which too much concern may be shown, but rather to our stock and pets. Chickens will fare through the summer provided they get no grain. Plain old mash will suffice.

Dogs and cats will thrive on fresh horsemeat, but do not over feed them. Be certain there is plenty of fresh water available at all times.

We advocate consulting the local veterinarian in event that your pets become ill. Home remedies are hazardous.

Bob

## Many Jobs Await Takers in Desert Area, is Report

Though many business houses have closed for the summer, the need for war workers in this area continues heavy. Nils Swalberg, of the India office of the United States Employment Service, said this week. In Palm Springs, both Torney Hospital and the Army Air Base have many openings for men and women. The jobs offered include, for women: mess and ward attendants, typists, stenographers and secretaries; and for men: firefighters, aircraft mechanics, sheet metal men and painters, plumbers, electricians, carpenters, boiler firemen and many other skilled and unskilled types of mechanical and construction jobs.

At the Thermal Air Base, seven miles out of Indio, the demand is particularly heavy for carpenters, general helpers and laborers. Opportunity to work as guards and firefighters is offered by Thermal to older men; physically active men will be accepted, without regard to either age or weight, for light duty guard work. Room and board is furnished single men.

Application can be made direct to the installations named. However, a representative of the United States Employment Service will be in Palm Springs every Thursday from 9:30 to 11:00 a. m., in Judge Pinney's quarters, 810 North Palm Canyon drive, to give information on jobs in and outside this immediate area. Workers wanting jobs, availability certificates or information, and employers needing workers or information are urged to contact the USES representative at these hours. Particular emphasis is placed by the USES on service to Veterans. Information on Veteran's rights under the various veteran's laws, on employment compensation, on job and occupational opportunities, on schools and rehabilitation, are furnished by the USES. The India office of the USES is located at 720 Highway 99, Indio, phone 7495. Office hours are from 8 a. m. to 5 p. m.

The extraordinary Brazil nut, growing on trees from 100 to 120 feet high, is really a seed and not a true fruit like walnuts, or chestnuts.

Pay your telephone bill before the 30th and receive a discount.

# Sports

## Torney EMs Lose Opening Game of Second Schedule

Torney General Hospital Enlisted Men's softball team which breezed through the first half of the Softball League without a defeat, bowed in the first game of the second half last Tuesday night.

The Supply Mechanics of the 5th OTU air base turned the trick, not only winning but shutting out the champs. Torney had no excuses. Leslie was in the box and the team was all there. But they just couldn't seem to get going after a three-week rest.

In the other game of the evening, the Palm Springs Lions club beat the Administration Bombers, runners-up in the first half, in a batfest, 11 to 8.

A large crowd watched the loop off on its second half which will last until August.

## Cue Wizard At Torney to Show How It's Done

Charles "show me a billiard shot I can't make" Peterson, ace pool shark, is at Torney today demonstrating the pool and billiard shots which have made him the world-famous balk line champion that he is. Peterson, at present on tour for the armed services, is known as the greatest personality and showman in billiards.

Mr. Peterson is giving three demonstrations today, for the patients, enlisted personnel and officers, in their respective pool halls. He is being sponsored by the Brunswick Balk Calendar company and is being presented here by the Physical Reconditioning branch.

"Tell the court how you came to take the car."

"Well, the car was standing in front of the cemetery and I thought the owner was dead."

## Winning Streak Of Air Base Ball Club Interrupted

After running their winning streak up to five in a row by defeating the Barstow Marines last Sunday by a score of 2-1, the 5th OTU softball team was later defeated by highly touted March Field, with a score of 7-2 before a capacity crowd at the local stadium.

Sgt. Bill Baugher pitched against the Barstow Marines on Sunday and lost his chance for a shut-out in the sixth inning when Cpl. Nelson, the Barstow slugger, drove a long fly ball over the right fielder's head for a home run.

In the game against March Field, things started popping in the first inning when Pfc. Sam Calich dropped a high fly, and Sgt. Joe Cirretto threw wild to home plate, allowing the visitors to score three runs.

## "I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

The eyes of the world rest on two widely separated places. If this gives you the impression of a wall-eyed world, you can take it or leave it. One of the places is San Francisco, where 44 Nations are gathered to demonstrate that Russia intends to do as she pleases. The other place is Washington where at the moment the Congress is completely lost in the woods—Bretton Woods.

We are in a passing period of emotionalism. The Senate held hearings and debated for three months on a water agreement with Mexico, adverse to the interests of the western states. It could not have passed had it not been for the constant repetition that opposition verged on heresy, with the San Francisco conference in prospect and the Chapultepec one going on. We must give away our water rights, or be branded as opposed to international peace.

Next in order was the Resolution to continue the "Reciprocal Trade Agreements". I think they are not always "reciprocal," if you'll look the word up in the dictionary. 62% of our imports are now duty-free, and 16% have had the tariff reduced one-half. Under the "most favored nation" clause, we don't have to get something in return. Agriculture usually gets it where the chicken used to get it, when there were chickens.

The propaganda machine was going full blast. This was "for peace." If we wanted to preserve the peace of the world, we had to vote for the extension, just as the State Department wanted it. So let's look at the testimony: Mr. Will Clayton is on the stand. Mr. Clayton is the greatest cotton trader in the world. Mr. Clayton is also Assistant Secretary of State. Mr. Clayton believes in free trade, or a reasonable facsimile thereof. EXCEPT of course when it applies to importing cotton. The cotton state members voted for the Reciprocal Trade Agreement Act, but under other Acts, they have QUOTA regulations, which in effect make an embargo, and prevent any cotton coming in. Mr. Clayton was asked (after figures showed we had more unemployment under this Act than any other time, and that it had never prevented wars): "Why was not peace preserved under the program, as we had been promised?" Mr. Clayton replied: "I do not think that any responsible official of the (State) Department ever said that the adoption of the reciprocal trade agreements program would prevent war. I do not think anybody ever said that. I do not think anybody believes it." Mr. Clayton and his propaganda machine ought to get together and talk things over.

Two years ago, with some mental travail I voted against UNRRA, the newly hatched United Nation Relief and Rehabilitation Administration. I have a soft spot for the feeding of hungry people, but I simply could not see any possibility of success in the way UNRRA was set up. I bored the readers of this column by writing about it four weeks straight. The same emotionalism was evident then. A few days ago, one of the most respected members of the House

returned from a several months visit to various countries. He had inspected our offices in every place he stopped. His comment on UNRRA was brief. It was, "It stinks."

On Thursday, June 7th, I shall have to make the hardest decision of my two and a half years as a member of the Congress: Bretton Woods, yes or no? Can it be what we want it to be, the stabilizer, the preventer of block currencies, the protector of our standards of living; or will it be what we fear it may be, just another sucker trap for good old Uncle Samuel!

# LET'S FINISH THE JOB!

It's up to us at home to help our boys in the Pacific to finish the Japs as quickly as possible so they can come home. We are not asked to risk our lives. We are simply asked to supply our fighting men with the implements of war so they can finish the job, and the only way we can do that is by buying War Bonds.

Americans as individuals are taking on their biggest quota to date—seven billion dollars—four billions in E Bonds alone.

You may be wondering, "Why this biggest of all individual quotas now? Haven't we already reached the peak?"

A fair question—requiring a straight answer.

## THE MONEY IS NEEDED FOR WAR

The Battle of Japan has just begun. It must be backed up, paid for, fought for by a free people, intent on sweeping the Pacific clear of fascist hate—forever.

The war to crush Japan will be bigger, tougher, and longer than most Americans expect. The Allied Military Command has estimated that it will take years, not months.

The destruction of Japan's armies has not yet reached the annual rate of normal replacements—between 200,000 and 250,000 men a year. And the Jap, as our men in the Pacific know, fights to the death.

## NEW TASKS; NEW NEEDS

The single greatest obstacle to our crushing of Japan is distance. While in the Battle of Europe, supply ships from our bases in England had only an overnight run to make, ships in the Pacific have long-reach round trips taking up to 5 months to make.

Millions of fighting men—freshly outfitted and equipped—will have to be moved from Europe halfway around the globe and supplied day-in, day-out by hundreds of new ships now building.

More of everything will be needed. More B-29's. More tanks, half-tracks, jeeps, and trucks. More rockets, mortars, airborne radar.

A whole new air force is in creation—huge new bombers dwarfing the Superfortress—fast new jet-propelled combat planes, the P-80 or "Shooting Star," coming off the lines by thousands.

These are just some of the 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster.

## AND LEST WE FORGET

The sick, wounded and disabled will require medical attention and care.

Many millions of dollars will be required for mustering-out pay and benefits voted by Congress to help our veterans get started again in civilian life.

## WINNING THE PEACE

There are other weighty reasons for supporting the 7th War Loan—reasons that take us from the present to the future.

By investing in the 7th War Loan, the patriotic American is safeguarding his own future, his country's future.

By putting every dollar over rock-bottom expenses into the purchase of War Bonds, he is delivering a body blow to wartime inflation—thus putting a lid on the cost of living and maintaining intact the purchasing power of the dollar. At the same time, too, he is insuring the country and himself against the catastrophe of a possible postwar deflation—with its depression, unemployment, misery, and heartache.

## MAKING 2 EQUAL 3

This year there will be only two War Loan Drives, not three. But in those two drives the Government will have to raise almost as much money from individuals as in the three drives last year. That means bigger extra Bonds in the 7th. Because only by buying more can we make 2 take the place of 3.

Let all Americans do their part—for their own sake, for their country's.

If you have an income, whether from work, land, or capital, you have a quota in the 7th War Loan. Find out what that quota is—and make it!

## Dr. Cooper to be Speaker Sunday at Community Church

Dr. David L. Cooper, internationally known author, lecturer and world traveler, will occupy the pulpit at the Community church Sunday, Mrs. George B. French, in charge of summer services, said today. Dr. Cooper has been coming to Palm Springs for the past four years and each time has consented to speak here.

Open house will be held at the French home, 173 East El Portal Saturday and Sunday afternoons. There will be a general discussion and questions and answers. All interested are invited.

Next Sunday being Father's Day, all dads will be recognized at Sunday's service with a special talk and a poll to find the youngest dad, the oldest, and other interesting contests.

Regular services will be held at the church Sundays all through the summer. Dr. Cooper is the first of a number of interesting speakers to be heard this summer.

## Evangelistic Meetings Begun

Evangelistic meetings have been started at the Free Gospel church, 216 South Indian avenue with Walter H. Harriss, teacher in the Berean Bible Institute at San Diego, as the speaker, assisted by the pastor, Charles C. Farmer.

Meetings will be held each night at 7:45 except on Saturday night, for ten days. Morning meetings started Wednesday and will be held daily, 10 to 11 a. m. for boys and girls.

## Rev. Hogarth Sits On Church Board

The Rev. Robert M. Hogarth left Monday for three days service on the Board of Examining Chaplains in the Diocese of Los Angeles, meeting in St. James church, South Pasadena. He returned on Wednesday night.

## Veteran of Two Wars to Assist Discharged Vets

William Francis, a combat veteran of two world wars who has experienced most of the problems which confront discharged service men, arrived at Torney General Hospital last Wednesday on permanent assignment as representative of the Veterans' Administration.

He is now available to all men hospitalized at Torney for consultation on matters pertaining to pensions, schooling, rehabilitation, conversion of military insurance, widow's pensions and other related problems.

During World War I, Mr. Francis served in Europe with the Second Division, Fifth Marines. Enlisting again for World War II he went overseas to serve in North Africa and Sicily as a Technical Sergeant with the 804th Tank Destroyer Battalion. Returned home for treatment in October 1943, Mr. Francis received his army discharge following hospitalization at Fort Devens, Mass. Early in April he joined the staff of the Veterans Administration and completed a course for contact representative at the Sawtelle Facility before being assigned to Torney.

## Dog, in Need of Special Care, Is Object of Hunt

If you see a Pomeranian answering to the name of "Peaches" take it in tow and call Dorothy Keeney, hostess at Del Tahquitz dining room. "Peaches" is 11 years old and has been the pet and companion of Miss Keeney all that time.

Because the dog needs special attention, Miss Keeney is especially eager to have her found and so has offered a large reward.

## Local CAP Now Meets in Own Headquarters

Palm Springs squadron of the Civil Air Patrol is now meeting at its headquarters, 311 South Palm Canyon drive, opposite the Del Tahquitz hotel, Edwin Stephens, commander, said.

The group, which has been meeting at the high school, met this week for the first time at its new headquarters Monday. Study of aerial navigation under direction of Norman Granger continued.

The weekly drills have been discontinued for the summer months.

## Christian Science Text God, Preserver of Man

"God the Preserver of Man" will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, the First Church of Christ, Scientist, in Boston. The Golden Text is from the Psalms: "Let integrity and uprightness preserve me; for I wait on thee. Redeem Israel, O God, out of all his troubles."

In a Lesson-Sermon selection from The Acts it is related that "when Paul had gathered a bundle of sticks, and laid them on the fire, there came a viper out of the heat, and fastened on his hand. And when the barbarians saw the venomous beast hang on his hand, they said among themselves, No doubt this man is a murderer, whom, though he hath escaped the sea, yet vengeance suffereth not to live. And he shook off the beast into the fire, and felt no harm."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "The divine Love, which made harmless the poisonous viper, which delivered men from the boiling oil, from the fiery furnace, from the jaws of the lion, can heal the sick in every age and triumph over sin and death."

## War Chest Funds Raised Here, Will Help Manila USO

At the request of General Douglas MacArthur, William E. Leigh, director of the USO Overseas Department, will go to the Philippine Islands at an early date to develop USO activities in that area, according to advices today to A. B. West, chairman of Riverside County War Chest, from the National War Fund, which finances USO.

USO will send equipment and personnel into the Philippines as soon as physical conditions and transportation facilities permit. Mr. West was advised USO plans to operate clubs and services in the Philippines similar to those now being operated throughout the western hemisphere from Newfoundland to Hawaii and from Alaska to Brazil.

USO is also continuing expansion of its facilities in Hawaii where it is now operating 77 different units. USO activities in Hawaii have expanded rapidly as the weight of the war has turned toward the Pacific, and Hawaii has become a base for troops going forward and a recreation area for troops being brought back from the active warfare for rest periods.

USO now operates more than 2,500 units through the western hemisphere, and anticipates expansion as troops return from Europe to go into camps in the United States for re-training and redeployment.

Mrs. NuBride was heard to vehemently deny her husband's charge that she had opened a can of tennis balls and attempted to fry them.

## Neglecting Ways Of Grace, Topic at Episcopal Church

"Neglecting Our Means of Grace" will be the topic next Sunday morning at the 11 o'clock service at St. Paul's in the Desert, Episcopal church, of the Rev. Robert M. Hogarth, vicar.

"It is a very human failing of too many people who call themselves Christians to be bored by the monotonous routine of the traditional guides to good life within the church and society and wander off after something new, some specious promise of miraculous enlightenment or a short and easy way to God. God does not want us to stop growing, to sink into bovine satisfaction with things as they are; but we can never find any thing new in the great mystery of life until we have made the most of our present means of grace, the church, the Bible, the Prayer Book, the sweet intimacies of family and social life," said the vicar.

## Parcels May Be Sent Persons in The Philippines

Effective at once, families and friends in the United States of liberated persons in the Philippine Islands may send them gifts and other parcels up to 11 pounds in weight, Mrs. Edith D'Eliscu, county Red Cross chairman, notified Harold West, Palm Springs chairman, this week.

Not more than one parcel per week may be mailed and its size is restricted to 18 inches in length or 42 inches in length and girth combined. They must be sent as first class mail.

## Mrs. Daro, Son and Pal, Go to Beach

Mrs. Frank Daro and son Dick, accompanied by Johnny Martin-eau, are leaving for Long Beach to spend a few days.

Reports from the coast indicated cold and damp weather there and Mrs. Daro said she probably would be glad to get back to the desert.

## Mrs. Brown Will Visit Mexico City

Mrs. Ona Brown, well known local socialite, left Wednesday for San Francisco where she will spend some time before going to New York City. On her return west, she will visit Mexico City before returning to Palm Springs next fall.

She had as her guests last week-end, Mrs. Mercedes Withers of Beverly Hills and Major Robert Davis.

## Lt. Col. A. E. Higgins, Former Local Air Base Commander, to Leave Soon for Overseas Duties in Pacific Theater

Lt. Colonel Albert E. Higgins, former commanding officer of the 21st Ferrying Group here, now known as the 5th Operational Training Unit, and recent commanding officer of the Fifth Ferrying Group at Love Field, Dallas, Texas, has been transferred to a Pacific Coast air base prior to leaving overseas for an important assignment in the Pacific area.

The colonel was stationed at the Palm Springs Army Air Field for more than a year and made many friends here before being transferred to Dallas to become commandant of the Fifth Ferrying Group there, one of the largest of the ATC's Ferrying Division domestic bases. His achievements in continuing the outstanding record attained at the Fifth Ferrying Group and the efficiency of operations and fine "esprit de corps" of the personnel at the Texas air base were largely attributed to Lt. Col. Higgins' leadership. The new assignment in the Pacific may be taken as a promotion and recognition of ability.

### VETERAN FLYER

A pilot as well as an executive, Lt. Col. Higgins has logged more than 6500 hours in the air, with at least half of this amount as pilot of military aircraft. He wears the star of senior military pilot and has to his credit several ferrying missions flown to Australia and other Pacific areas.

Commissioned at West Point, the colonel served as a field artillery officer at Ft. Sill, Oklahoma, prior to World War I. Promoted to the rank of captain while serving overseas in World War I, he received the French Croix de Guerre with palm, the Belgian Croix de Guerre and the World War I Victory Medal with three stars.

### AT WEST POINT

Following the last war, he was an instructor at West Point for four years.

Before entering the service in this war, Lt. Col. Higgins was executive vice president of the Pittsburgh Equitable Meter Company in Pittsburgh, Pa., one of the largest manufacturing concerns of its kind in the United States and having one of its principal sales offices located in Southern California, in Los Angeles.

The female halibut weighs 10 times as much as her mate.

OVERSEAS—Lt. Col. Albert E. Higgins, who will leave soon for Pacific war theater. (AAF Photo.)

## Local Wave Back At Duties After Visiting Village

Jackie Bell, a Wave in the United States Navy, recently home on a 15-day leave to visit her mother, Mrs. Norman Harper Bell, 954 North Patencio road and sister, Miss Joan, is back on duty in New York state.

"About the only sun I see back here is The Desert Sun," she wrote, "and back here they talk about the rain in California!"

Miss Bell has been in the uniform of the navy for many months.

The Bell family came to Palm Springs 11 years ago. Mr. Bell, retired business man, succumbed a month ago after a heart ailment.

Ohio was unsuccessful in an attempt to get priorities for enough metal to equip automobiles with double license plates in 1946.

For Essential Transportation—

## TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By SGT. TED W. ENGSTROM

### MILITARY TRAINING

A definite military and civilian training program is being planned for personnel at this installation, Lt. William L. Jackson, Training Director, has stated.

The basic subjects to be given to enlisted personnel will be those pre-requisites for overseas service and will be taken by all members of the command. Particular emphasis will be given military courtesy and discipline and the proper wearing of the uniform.

The purpose of the civilian training is to provide adequately trained supervisors in every division, branch or office on the Post. Miss Dorothy Alexander is directing civilian training under the supervision of Lt. Jackson. All levels of supervision will receive basic on-the-job instruction when deemed necessary by operating officials. Lt. Jackson states that training will be given where the need for training lies. Supervisory training will include a minimum of 28 hours of intensive training in Job Instruction, 8 hours, Job Relations, and 10 hours, Job Methods.

### PATIENT DECORATIONS

Five Torney patients are recipients of awards of the Purple Heart given them here last week and a sixth patient received the Air Medal.

Those receiving the Purple Heart are Pfc. Edwin J. Maxwell, wounded on Leyte; Pfc. John Sippel, wounded in Belgium; Pvt. James Workman, ETO; T/4 James W. Franklin, Germany; and Pfc. Jiles W. Reiley, Germany. Sgt. Norman R. Reese received the Air Medal for "meritorious achievement while participating in sustained operational flight missions in the Southwest Pacific Area."

### BORRAH MINEVITCH

Torney patients and personnel are in for a real treat! One of the best of all U.S.O. shows is due to play here next Monday night at 1900 in the Recreation Hall. While all of the USO Hospital units have been of a high calibre, seldom has it been our pleasure to catch a show with a real top-notch name headliner. Monday's show has just that.

It's a great pleasure for Special Services to announce, and we know it will be a greater pleasure for all of you to see and hear, the celebrated Borrah Minevitch Harmonica Rascals.

You've seen them many times on the screen, and a fortunate few have viewed them on the stage. Now we are all going to have the opportunity to enjoy, in person, the most famous harmonica aggregation in the world. The present group features Sammy Ross, 53-inch midget and 350-pound William John McBride.

In addition there is the well known South American Combo, The Contreras Troubadours; Berl Williams with a novelty musical act; The three Belles, novelty singers; the Three Bobby Soxers with a phonograph pantomime act; and Ross and Dean, singers. This USO show, carrying many more people than is usual, and costing a lot more money, promises to be one of the highlights of the season. Don't miss it!

### 20,000th PATIENT

Pfc. Rolla E. Campbell, 21-year-old infantryman, injured on Okinawa on April 8, has the distinction of being the 20,000th patient to be admitted to this hospital. He arrived here on June 7, being flown home from the 219th General Hospital.

Pfc. Campbell, whose home is in San Bernardino, was injured by shell fragment in the left foot and ankle and taken to the 115th Fleet Hospital for surgery. He was serving with the 383rd Regt., 96th Division, when injured. He is a patient in E-7.

### MILL CREEK CHANGES NAME

Torney General Hospital's beautiful convalescent camp in the San Bernardino mountains north of Redlands, long known as the Mill Creek Convalescent Facility, has changed its name to

## Bob Hann Wins Appointment to Navy Air Corps

Bob Hann, son of Mr. and Mrs. Harry Hann was notified this week by Navy authorities that he was one of four boys out of 16 who successfully passed a series of tests for the naval air corps. The tests were given in Los Angeles. In two of them he was told he was highest.

The young Villager, active in high school affairs and well known and popular here, will report July 1 in Los Angeles and will be assigned to either Stanford, U.C.L.A., or Redlands University for a year's course of study.

The youth returned to the Village Wednesday after a 15-day trip which included a vacation at Idyllwild, the tests in Los Angeles and a side trip to Long Beach.

## Villager Awarded Air Medal for His India-China Task

Flight Officer Walter J. Krohne, pilot, whose home address is 1862 South Palm Canyon drive, has been awarded the air medal, Brig. Gen. William H. Tunner, commanding general of the India-China division, Air Transport Command, announced this week.

The award followed completion of 150 hours of operational flight in transport over the dangerous and difficult India-China air routes and covered the period from Nov. 16, 1944, and January 30, 1945.

F/O Krohne was formerly stationed at the army air base here.

## Major Jones At Post in Oregon, Word to Village

Major E. W. Jones of the QM corps, formerly stationed at Torney General Hospital and well known in the Village, is now at Fort Stevens, in Oregon. From Torney he went to Florence, Arizona, where he was assigned an important post in the Prisoner of War camp.

Major Jones took an active part in Village affairs while a resident here for several months.

the Mill Creek Section, Torney General Hospital.

Advanced convalescent patients here will continue to be sent to the camp prior to return to duty. 1st Lt. Andrew J. Given is the CO of this Section.

### NCO CLUB

Three important committees, finance, house and entertainment, were elected by the Torney Non-Commissioned Officer's Club at a recent meeting of the NCO's. Members of the new Finance Committee include T/3 Jack Parks, S/Sgt. Harold Miller and T/4 Howard Siebert; House Committee, M/Sgt. Raymond White, Sgt. Robert Paschke, T/4 Donald Parker and T/5 Everett Borum; Entertainment Committee, S/Sgt. George Sutherland, S/Sgt. Roy McDaniels, Sgt. Henry Sierros, Sgt. Herb Vigran and T/5 Manfred Parker.

New house rules were drawn up by the House Committee and accepted by the general membership. The principal changes involve guests, guest privileges now being extended to all military and civilian personnel provided that they are accompanied by a member of the Club.

### DETACHMENT OF PATIENTS

The Detachment of Patients is one of the busiest spots on the Post. There is scarcely a dull moment in this hub of activity... large numbers of new patients arrive each week, and daily groups leave on furlough or transfer to other hospitals or posts. There are over 2000 patients at TGH, 90% of whom are from overseas, each the responsibility of this Detachment.

The Commanding Officer of the Detachment of Patients, Capt. Anthony M. Crea, of Trenton, New Jersey, arrived at Torney April 12, 1945. He served 18 months in the ETO. Assisting Capt. Crea are 2nd Lt. Norman E. Eck, of Helena, Montana, Asst. CO; 1st Lt. Harley R. Randall of Los Angeles, Chief of A and D; 2nd Lt. Lawrence N. Loban of Los Angeles, Registrar's section; and S/Sgt. Norbert L. Blanchard, Sergeant Major.

The Detachment of Patients handles all problems dealing with patient personnel: issues all passes and furloughs, grants extensions, maintains the patients' funds, checks records for authorizations on medals and awards, issues clothing, shoe stamps and ration cards, meets all trains and planes, processes each patient and issues the daily A & D Sheet. The Detachment of Patients also handles the payroll for both TGH patients and Mill Creek.

Others on the staff include S/Sgt. Chas. Hartwig, S/Sgt. Morris Quick, S/Sgt. Jesus Gomez, Sgt. Margaret Clinton, Sgt. Fred Cermak, Cpl. Manuel Ceja, Pvt. Edith Welborn, Pfc. Don Scott, Cpl. Chas. Bayless, Cpl. J. V. Wilbanks, Pfc. Lloyd Yocom, Cpl. Wm. G. Loftus, T/5 Barney Perry, Pfc. Wm. Hind, Pfc. Vito Gennaro, T/5 Sol Cohen, T/5 Oral Engberg, T/4 Robt. Miller, Pfc. Verel Gaspador, Pvt. Lazaro Estrada, Pfc. Fred Norcum, Pfc. Robt. Naujoks and Pvt. Chas. E. Tate.

## Former Villager Hurt as Suicide Pilot Sinks Ship

Peter Miller, son of Mr. and Mrs. J. T. Miller, former Palm Springs residents and now of Los Angeles, is home again after a narrow escape off Okinawa when his ship was sunk by a Japanese suicide pilot.

He was injured by the concussion of the bomb and thrown into the water. Of his comrades on the warship, 160 were lost. The survivors were picked up by another ship and later transferred to a transport and brought home. He was in the water two hours.

The former Village youth lost all he had when the ship went down. After a stay in the hospital, the navy re-outfitted him and sent him home on a 30-day furlough.

Mr. and Mrs. Miller have two other sons in the service, Pat, now on a ship off Okinawa and John in port at present, but expected to sail soon.

Peter was in Palm Springs high school when the family lived here.

## Peter Sheptenko Transferred to Washington Post

Peter B. Sheptenko, well known Palm Springs real estate broker, now in uniform, has been given an important new assignment by the army, according to word received in the Village this week. He has been transferred from Fort George C. Mead, Maryland, where his duties were those of company clerk, to the Army Ear College at Washington, D. C., where he is in the information and education branch of the headquarters of the American ground forces.

The work of the department in which he was placed is to prepare directives and supervise orientation training in AGF units. Pfc. Sheptenko assists in the production and selection of orientation information and educational materials and to look after their distribution to points where needed. The department also maintains liaison with Information and Education division of the Army Service forces.

"It's just like being a civilian again compared with the rugged training and work at Fort Meade," he wrote.

Railroads now employ approximately 1,500,000 persons.

Pay your telephone bill before the 30th and receive a discount.

## 5th OTU FACTS

Two new additions to the staff of Squadron D, the student detachment, are 1st Lt. Milton H. Craven and 1st Lt. Philip D. Janney, recently transferred to the Air Transport Command from the Training Command. Lt. Craven flew B-17's with the 8th Air Force in England, while Lt. Janney piloted B-24's for the 13th Air Force in Italy. Now they will do their part in turning out an increased number of qualified twin-engine pilots at the 5th OTU, which since its inception has trained some 900 pilots.

Chaplain (Captain) Clifford F. Perron was accorded high praise for the service he rendered at American Legion Post 129, Banning, on Memorial Day. A letter received at the Base today from Edward C. Williams, Chaplain of Post 129, stated that he had never heard so perfectly described the meaning of the sacrifices of our men in this war.

Civilian personnel employed at the Base, because of their careful and intelligent workmanship, have established an enviable record in ground safety over the last 12-month period, which has not been equalled by any other independent Base Unit of the Ferrying Division, according to Lt. Col. Robert J. Goewey, Commanding Officer. They completed the year without loss of time due to accidents.

Lieutenant Colonel John W. Sponsler, director of Supply and Service here at the field, backed the 7th War Loan Drive with the purchase of a 1000 dollar Bond. Although the Colonel is assigned to Squadron A, this squadron will not take credit for the sale. Rather, Squadron E will receive the credit because most of the men who work under the Colonel's direction are from that squadron.

Geoffrey F. Morgan, spokesman for the Douglas Aircraft Company, who is now on national tour to promote the interests of aviation generally, will appear at the regular Monday evening orientation program at the 5th OTU and address all its personnel. He will speak on probable

air cargo developments, the feasibility of operating private aircraft and other points of vital interest to air-minded Americans. Manager of the Douglas Speakers Bureau, Morgan is a professional lecturer of 20 years experience.

Captain Kenneth P. Wolfe recently reported to the base to take up duties as Flight Surgeon. This is the Captain's second war. In the first one for a year at the age of 17, he was discharged in 1918. After completing his senior year in Polytechnic high school, Long Beach in 1920, the Captain went to Alma, Michigan and attained his Bachelor of Science degree. He then studied at the University of Michigan where he graduated in 1929 with his M.D. After a year in the Brook County Hospital in Chicago, he went in to private practice. Then in 1942, he again entered the Army, was with the Training Command and the Fourth Air Force before taking up duties with ATC at the 6th Ferrying Group at Long Beach, his station prior to being transferred here. The Captain has just recently brought his family to Palm Springs.

## Help Stretch Perishable Food Supply

It's up to the buying public to help stretch the supply of perishable food by observing a strict hands-off policy. Meanwhile, the industry is making postwar plans for specially designed cases, with varying degrees of temperature and humidity, which will preserve the dewy freshness of fruits and keep them as safe from pawing hands as museum jewels.

For Essential Transportation—Yellow Cabs. Phone 4444.

## Jaque Bailard to Become Bride at Ceremonies July 3

Mrs. John Cravens Bailard of Carpinteria Valley this week announced the engagement of her daughter, Miss Jaque Bailard, well known and popular Villager, to William Otto of Beverly Hills.

Miss Bailard is the daughter of the late J. C. Bailard and Mrs. Bailard and has been a Villager for the past three years. She is assistant manager at the Deep Well Guest ranch. Mr. Otto is the son of the late Mr. and Mrs. William Otto of Parkersburg, West Virginia.

The wedding will be solemnized July 3 and Mr. and Mrs. Otto will make their home in Beverly Hills.

## Daughter Born To Former Local Girl In North

Word was received in the Village this week of the birth of a daughter, Barbara Granum, to Major and Mrs. Jack G. Parsons at the Palo Alto hospital in that college city.

Mrs. Parsons is the former Cassie Bell, daughter of Mr. and Mrs. George C. Bell, well known Villagers. The Parsons also have a son, Jackie, aged two and one-half.

Mrs. Bell left Palm Springs a few weeks ago to be with her daughter. Mr. Bell expects to join his family in the Bay area later in the summer.

## Meat Aging

In general, aging or "ripening" has been depended upon to make meat more tender. After beef or lamb is slaughtered, it is often kept hanging in a cooler for as long as several weeks, at a temperature only slightly above freezing. This prevents rapid multiplication of the bacteria that cause spoilage, but does not prevent the action of enzymes that are already in the meat. The action of the enzymes is in some respects similar to digestion, and the effect on the muscle fibers and connective tissue is to make them more tender.

## Calve Loss

Authorities have estimated that over one-fifth of all calves die before they reach milking age.

## LEGAL NOTICES

## NOTICE OF TRUSTEE'S SALE

Trust No. P43-60

On June 11, 1945 at 11 o'clock a. m. at the Main Street entrance to the Riverside County Court House, Riverside, California, BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION as Trustee under the Deed of Trust made by Peter B. Sheptenko, a single man, and recorded on May 28, 1937 in book 328 page 95 of Official records of Riverside County, California, given to secure an indebtedness in favor of Raymond Cree, a married man, by reason of the breach of certain obligations secured by said Deed of Trust, will sell at public auction to the highest bidder for cash, payable in lawful money of the United States at time of sale, without covenant or warranty, express or implied, as to title, possession or encumbrances, the interest conveyed to and now held by the said Trustee under said Deed of Trust, in and to the following described property, situated in the City of Palm Springs, County of Riverside, State of California, to-wit:

**Refresher Course  
In Police Work to  
Start in Village**

Palm Springs has the nucleus for one of the best small city police forces in the southland, Chief of Police August G. Kettmann said yesterday as he inaugurated a refresher course in academic and physical police courses.

Sandwiched in between regular duties will be lessons on criminal law, procedure, investigation, traffic, technique of police work, drills in gunnery, handling recalcitrant prisoners, Judo and the like.

Later the chief plans to have FBI experts here to keep the local force abreast of the latest developments in law enforcement.

"It's an in-service course to serve both as a refresher course and to supplement their present knowledge of police methods," said Chief Kettmann. "It's both for the veterans of the staff and the new men. We have an excellent force now and it's going to be one of the best."

**DeMolay Council  
In Final Session  
Of Active Season**

Advisory council of the Palm Springs Chapter, Order of DeMolay, held its final meeting of the season last week at the home of Lloyd Simon, prior to the latter's departure for the east.

Present with Mr. Simon were Bryson Ames, John Hornel, R. F. Outcault, James Henderson and Chester Hooper.

General plans for the fall were discussed and plans for extension of the chapter's sphere of influence mapped.

Next meeting of the advisory council will be held in September.

Her lips quivered as they approached him. His whole frame trembled as he looked into her eyes. Her chin vibrated and his body shuddered as he held her close to him.

The moral of this: Never kiss a girl in a jeep with the engine running.

For Essential Transportation—

**Portrait of the Week** By BERNARD  
of Hollywood

Miss Pat Bryce, Villager for the past three and one-half years. . . . Native of San Francisco, lived there and in Vermont before coming to the Village . . . has been with Desmonds' Palm Springs store for the past season and one-half . . . plans to go east in the fall . . . will enter Smith college . . . Pat's favorite sport is—of all things—ice-skating . . . that's one thing she didn't do in the Village (by the way, it's nice to think of ice-skating today, Wednesday) . . . she also likes horseback riding which she can . . . and does . . . do in Palm Springs.

MORE ABOUT . . .

**Ration Board . . .**

their rations expire, for renewals. They are urged to mail requests for the applications they need and then see that it gets back to the board at least ten days ahead of the time their old ration runs out.

In this manner applicants will save standing in line and ration board clerks will have more time to do the necessary detail work on the requests.

The same procedure is asked for medical trips and non-highway rationing (stove gas and so on.)

FILL IT OUT

"Send your milage record slip along with your application and see that the latter is correctly filled out. Many applications are held up because of insufficient data," the chairman continued.

"Across the counter" delivery is out. All rations will be mailed so be sure your mailing address is correct.

"And, please, do not call personally at home on board members or telephone them. It isn't fair to them. An avalanche of this thoughtlessness has endangered the very existence of the board. Unless the public plays fair in this regard, resignations of hard-to-replace members is certain.

The ration board can be reached by mail by addressing requests to "Ration Board, Palm Springs."

To allow the depleted staff more time for clerical work, doors of the board office at 622 North Palm Canyon drive will open at 10 a. m. and close at 3 p. m.

MORE ABOUT . . .

**Battle Tale . . .**

miles back by the Nazis. The next morning, the main body of the Yanks crossed and the Germans fell back, leaving their prisoners.

TOO BIG FOR LETTER

"It's too big a story to tell in a letter," he wrote, "and when I get back I'll tell you in person about crossing the Moselle, the Saar and Rhine rivers, every one of them a thriller."

Mr. and Mrs. I. Quiroz, his parents, have another son in the army, Pfc. Pasquel Quiroz, now with the Fifth Army in Italy.

**Women's Center  
Opened in L. A.**

Waves, Waacs, Marines, Nurses and other uniformed women in Palm Springs and vicinity received a cordial invitation this week to make use of the facilities of the Women's Service Center at the Hotel Hayward when visiting Los Angeles.

The Center is open seven days a week with attractive lounges for entertaining as well as a spacious beauty bar and powder room where cosmetics are dispensed without cost.

The Los Angeles Center is sponsored by the Kappa Kappa Gamma fraternity which has similar centers in many other cities.

Mr. and Mrs. C. K. Fulton are planning to leave the Village late this month for Cuernavaca, Mexico, where they plan to spend a three-month vacation at the Chula Vista hotel.

The Dunes was the scene of a birthday party this week for Mrs. Munya Smoot given by Mr. and Mrs. Harry Brott and Joe Smoot.

**Legion to Install  
New Officials at  
Ceremony Tuesday**

Officers of Owen B. Coffman Post, No. 519, of the American Legion, will be installed next Tuesday night after a dinner meeting at the Dunes cafe. The dinner will be served at 7 o'clock and the group will then adjourn to the Fiesta House on the Desert Inn grounds for the installation ceremonies.

The Installation Team from the Thermal post will preside, George Bolden, of Thermal, is a district high officer.

To be installed are: Harold Lienau, commander; Art Linder, first vice-commander; Al Hoover, second vice-commander; Henry Menard, chaplain; James Foss, sergeant-at-arms; Ernest Grill, service officer; Stuart Allen, historian; and Jay Morrison, adjutant and finance officer.

**Stock Dividend  
Declared By  
Bank of America**

A common stock dividend at the rate of two additional shares for each three shares owned as of the close of business June 15, 1945, was declared this week by the directors of Bank of America at a regular meeting of the board in San Francisco. This followed action voted by the shareholders at a special meeting to increase the capital of the bank by the declaration of such dividend.

A cash dividend of 80 cents per share for the current semi-annual period, or at the annual rate of \$1.60 per share, on all common stock authorized or outstanding as of June 15, 1945, including that resulting from the stock dividend, was also declared. The new rate compares with the annual rate of \$2.40 on the common stock outstanding before the stock dividend and is an increase of more than 10 per cent.

At the same time the directors declared the semi-annual dividend of \$1.00 on the convertible preferred stock at the regular annual rate of \$2.00 per share. This, also, will be paid June 30 to shareholders of record as of June 15.

Delivery of the common stock dividend to shareholders is expected to be made about July 1.

HERE NEXT WEEK — Mary Beth Hughes in "The Great Flamarion," at the Palm Springs Theater starting Sunday.
